

## Learning To Be The Light

### Verse 1

When the stars came crashing down  
In tiny pieces to the ground  
I was all alone down here  
Trapped beneath the atmosphere  
Then I thought somebody called my name  
I spun around and caught a flame  
I gave into a God I didn't know

### Pre-Chorus 1

And now everything is falling into place  
A brand new life is calling  
And I owe it all to grace

### Chorus 1

It's so much brighter living in Your world  
Savior what You did for me  
You gave me something I want everyone to see  
When we stumble and it all goes wrong  
Only You can make it right  
So I say oh  
I'm learning to be the light whoa whoa  
I'm learning to be the light whoa whoa

### Verse 2

When a heart is cold as ice  
You can't melt it with advice  
No one wants to listen to  
A list of things they shouldn't do  
So I build a city on a hill  
And I light a candle on the sill  
Knowing You'll be always knocking at the door

### Pre-Chorus 2

Oh God I just want to love on everyone  
All I have is Yours to give  
So let the people come

### Bridge

I'm learning to be the light  
That makes the shadows hide  
The light that breaks the curse of pride  
The light that takes the weary in its arms  
When it all came crashing down

There was only darkness all around  
But in the distance I could see a flame

### Chorus 2

It's so much brighter living in Your world  
Savior what You did for me  
You gave me something I want everyone  
And I mean everyone to see  
When we stumble and it all goes wrong  
Only You can make it right  
So I say oh  
I'm learning to be the light whoa whoa  
I'm learning to be the light whoa whoa  
I'm learning to be the light whoa whoa  
I'm learning to be the light whoa whoa  
I'm learning to be the light
